

Open Front & Impulse Coolers

scandomestic

Why Choose Scandomestic....

Quality and reliability

- *We partner with the world's leading manufacturers.*

Full service and support

- *In-house service department and spare parts warehouse.*

Over 300 years of combined experience

- *A strong team of appliance specialists.*

Fast delivery from a large warehouse

- *Constant stock of 30–35,000 units in Silkeborg.*

Sustainable and responsible solution

- *We set high standards for environment, health, safety, and ethical production.*

Solutions for the future

- *Innovative household appliances and professional cooling solutions for every need.*

Impulse Coolers and Freezers

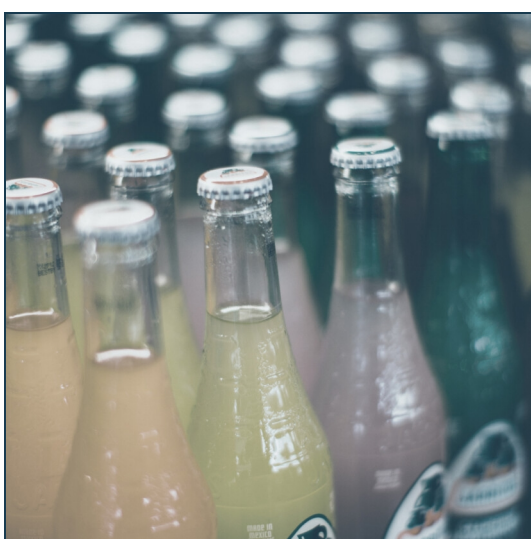

General features

- Impulse coolers and freezers ensure effective product presentation at a strategic spot at eye level.
- The compact size makes it ideal for placement at the counter or checkout line where it captures customers' attention. It is also easy to move and reposition depending on campaigns and sales needs.
- Transparent top ensures maximum product visibility and supports impulse buying in self-service environments.
- Perfect for decoration and branding that provide maximum visibility and visual profiling.
- Interior LED lighting provides a clear overview and highlights the products in an inviting way. Energy-saving lighting with long lifespan and low power consumption.
- Digital control provides precise temperature regulation and stable operation, ensuring consistent cooling or freezing so products are always stored correctly. Easy and user-friendly operation with accurate settings.
- Automatic defrosting effectively prevents ice build-up and ensures optimal cooling or freezing function. Reduces the need for manual maintenance and saves time in daily operations.

Can Cooler/Freezer

- A barrel cooler/freezer with its round design is highly suitable for branding and excellent for marketing products for impulse sales, especially cans, water, and ice cream.
- The barrel shape makes it easy to place in any space, both indoors and outdoors, where it is ideal for creating attention. With decoration in custom design, extra visibility is achieved. Scandomestic has many years of experience decorating commercial products on refrigerators and freezers and can assist with branding products according to your wishes.

Impulse Cooler

Scancool - IM 111 E

Item number	34310111E10000	Taric goods code	8418501990
EAN code	5704704015579	QTY in 40HQ	106

Short Description

IM 111 E holds 110 liters. The energy-saving LED light provides a good light that represents the goods extra well in the cooler.

Ventilated cooling ensures even distribution of cold throughout the refrigeration compartment and the transparent lid keeps the cold in.

Electronic control and external display make it easy to see the temperature.

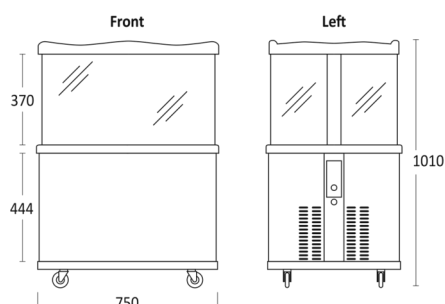

4 wheels make it easy to move the cooler even when it is filled with products. The transparent front provides a good eye-catcher from all sides.

IM 111 E is extremely suitable for branding and can, if desired, be decorated in your design for extra brand visibility.

Key features

- Perfect display for cans and bottles
- 1 Horizontal LED
- 4 castors
- Ventilated cooling
- 2 transparent lids

Can Cooler

Scancool - CC66BCLL

Item number	26311210000CC66BCLL	Taric goods code	8418501990
EAN code	5704704021860	QTY in 40HQ	250

Short Description

Energy-saving LED lights in the top frame provide a good overview and light in the barrel cooler.

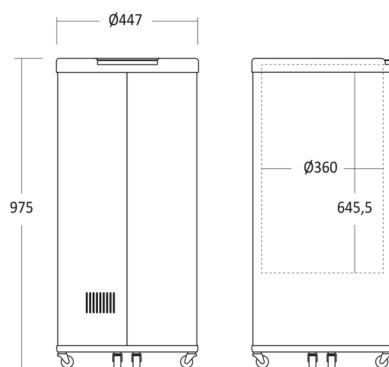

CC66BCLL holds 65 liters and is fitted with 4 wheels, making it easy to move around, even if it is filled with drinks.

The model has a hinged flip glass lid, which makes it easy to see the contents and which makes it easy to get to the cold drinks.

Key features

- Hinged design lid
- Bright LED light inside
- 4 strong castors, 2 with brake
- Suitable for branding
- Mechanical controller

Can Cooler

Scancool - TK 86 BE

Item number	26310086BE10000	Taric goods code	8418501990
EAN code	5704704014350	QTY in 40HQ	240

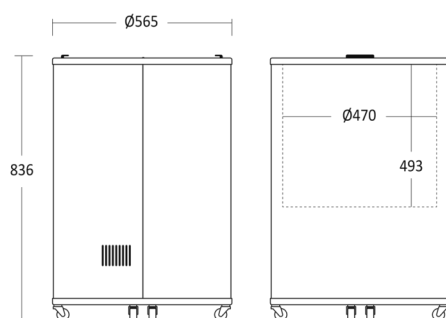

Short Description

Barrel coolers can also be used in places other than the retail trade, such as in the office with your own company logo, so that guests can be offered a cold water, or at trade fairs where it is easy to carry. But it is also ideal to have at home for the hot summer days and for parties, where the temperature range of 2°C -10°C is ideal for storing wine, beer, water and champagne. The TK 86 BE holds 87 liters and has a 2-piece glass tilting lid, which makes it easy to see the contents and makes it easy to get to the cold drinks. The cooler is fitted with 4 wheels, making it easy to move around, even when filled with drinks. Temperature range 2°C -10°C makes the barrel cooler perfect for cooling all kinds of drinks.

Key features

- Split flip glass lid
- 4 strong castors
- Suitable for branding
- Static cooling

Item number	26320087BE10000	Taric goods code	8418501190
EAN code	5704704015593	QTY in 40HQ	240

Short Description

The FT 87 BE is black, but can also be decorated as desired. The round shape makes the cooler suitable for decorations. It is eye-catching and does not take up much space on the floor. The barrel shape makes it easy to place in any room, both indoors and outdoors.

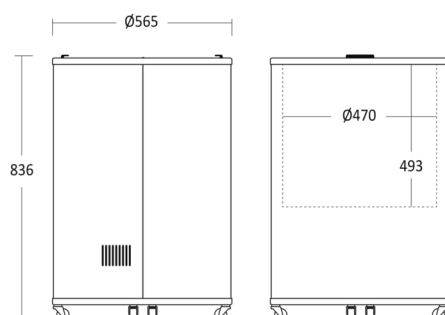

Holds 85 liters and has a two-piece glass tilting lid, which makes it easy to see the contents and makes it easy to get to the ice. The freezer is fitted with 4 wheels, making it easy to move around, even when it is filled with ice.

It comes with 1 removable wire basket which is handy and makes it easy for you to arrange your products in the freezer.

Key features

- Split flip glass lid
- Suitable for branding
- 1 wire basket
- 4 strong castors
- Temperature range <-18°C
